

Food Safety Supervisor Training Organisations

Class 1 and Class 2 Victorian registered food businesses require a qualified Food Safety Supervisor (FSS). Along with the proprietor, the FSS must ensure that all staff who handle food in the business have the skills and knowledge appropriate to their duties.

The FSS is required to undertake formal training which entails completing a Level 1 and 2 Food Safety Supervisor Course and must submit a copy of the **Statement of Attainment** (course certificate) to the Health Protection Unit.

Some training organisations that provide FSS training are:
