Families, Youth and Children

DAREBIN KINDERGARTEN REGISTRATION SYSTEM POLICY & PROCEDURES

February 2019

POLICY

Darebin City Council operates the Darebin Kindergarten Registration System on behalf of kindergarten programs within the municipality. Council provides the Darebin Kindergarten Registration System to:

- *simplify the process of registration for kindergarten for Darebin families*
- *support community managed kindergarten providers*
- *apply equity and fairness processes for families seeking kindergarten places*
- *inform Council's early years services and infrastructure planning.*

This policy & procedure provides the framework for the Darebin Kindergarten Registration System and applies Victorian Government allocation and funding criteria¹ that:

- *prioritises access for vulnerable children, increasing opportunities for children facing the greatest barriers to early learning*
- *promotes local community connection and continuity of learning*
- *prioritises families who are Darebin residents and offers kindergarten places equitably*

Vulnerable children and families

Darebin supports the State Government policy directions which articulate that children with additional needs, Aboriginal and Torres Strait Islander background, children known to Child Protection and those eligible for fee subsidy, benefit most from being involved in early childhood programs. Families that demonstrate that they have a child in one of these categories will be allocated priority weighting.

1. PROCEDURE FOR REGISTRATION 2019

Registration and Allocation Criteria

- a. Children are eligible to attend State funded kindergarten if they have turned 4 years of age by the 30 April in the year of attendance. Children are eligible to attend pre-kindergarten programs if they have turned 3 years of age by the 30 April in the year of attendance.
- b. The same registration period for the Darebin Kindergarten Registration System will apply to all Darebin families wanting placement of their child in kindergarten in the following year. Registrations can be made in the year prior to kindergarten attendance between 1 February (on or after the next business working day) and 30 April (on or prior to the previous working day).
- c. Registrations received within this period will be given priority. Late registrations will be processed after those which are received during the stated registration period.

¹ Department of Education and Training, Kindergarten Guide

- d. The following processes apply to kindergarten preferences:
- i. Up to 4 kindergarten programs can be selected in preference order 1 - 4 and will be applied in order of listing.
 - ii. If a family chooses to nominate one preference only and the nominated kindergarten is full, the child's name will remain on the Darebin Kindergarten Registration System (even if there are vacancies at other kindergartens).
 - iii. Once the family has accepted a place the child's name cannot remain on the Registration System for allocation to any other kindergarten.
- e. Allocation preference will be made as follows:
- i. Allocation of children with additional needs and vulnerable families. This includes:
 - Where the child is Aboriginal and/or Torres Strait Islander, or the family has had contact with Child Protection (or been referred by them to Child FIRST).
 - Where the child is currently in an Out of Home Care arrangement including kinship care.
 - ii. Allocation of registrations according to priority weightings and evidence provided to support:
 - Children approved by Department of Education and Training for a second year of kindergarten.
 - Children eligible for the Kindergarten Fee Subsidy as listed in the Kindergarten Funding Guidelines (see 3.2.3).
 - Where a child is attending a long day care program on the Darebin Registration System and that program is their first preference for kindergarten and this centre provides priority of access to their internal families. In this instance families need to understand the individual policy and registration process for their centre before applying as not all centres provide priority to their sessional kindergarten programs.
 - Families who are Darebin residents or whose child attends unregistered verified care in Darebin. Unregistered care is provided by family members, nannies or other carers who are not registered with the state authorities to provide registered care. This must be verified with a Statutory Declaration and proof of residency of the carer.
 - A child or sibling participated in the no 1 preference kindergarten in 2019 or 2018.
 - Where a kindergarten is the closest to a child's home.
 - Where the child attended a pre-kindergarten program at their first preference kindergarten.
 - Please note that children attending a pre-kindergarten program are not automatically allocated a kindergarten place and must submit a registration form as per the process for all Darebin families.
 - iii. The following weighting can also be allocated for administrative reasons to distinguish a point of difference at allocation time in the Registration System:
 - Registration lodged between 1 February and 30 April the year prior to attendance.
 - Where the child is a twin, triplet or quadruplet.

- f. When children on the Darebin Kindergarten Registration System have registered within the designated time period and achieve the same points for priority weightings, allocation will be ordered according to random selection. Random selection will be made by computer generated sorting of registrations.

2. HOW TO REGISTER

- a. There are two options for registration:
- **Online Registration:** Registration can be made directly through the Darebin Kindergarten and Child Care Online Portal. Links to the online portal and instructions on how to use the system are available from the Darebin website at all times or by contacting the Registration Team.
 - **Paper Registration:** Paper copies are available at Early Childhood Services, Maternal and Child Health Centres, Customer Service Centres and downloadable from the Darebin website.
- b. Council will provide direct assistance and support regarding registrations on 'how to register' procedures to all families, particularly vulnerable families and parents with English language challenges.

Council staff are available at various locations and can be contacted through phone, email or in person. See section 10 of this document for options.

- c. A registration requires:
- i. Completion of all aspects of the Registration Form.
 - ii. Proof of child's age such as a copy of the child's Extract of Birth Certificate, Birth Certificate or Passport.
 - iii. Reports from family support services or intervention services confirming circumstances and/or disability.
 - iv. If applicable, statutory declaration confirming unregistered care arrangement.
 - v. A non-refundable registration fee. This fee is for the administration of the Darebin Kindergarten Registration System and does not contribute to kindergarten fees. A child who individually holds, or has a parent or guardian who holds one of the following can make a registration free of charge:
 - A Commonwealth Health Care Card
 - A Commonwealth Pensioner Concession Card
 - Refugee visa (subclass 200)
 - In-country Special Humanitarian visa (subclass 201)
 - Global Special Humanitarian visa (subclass 202)
 - Temporary Humanitarian Concern visa (subclass 786)
 - Protection visa (subclass 866)
 - Emergency Rescue visa (subclass 203)
 - Woman at risk visa (subclass 204)
 - Bridging visas A-E
 - This also includes a child identified by a parent, carer or legal guardian as an Aboriginal and/or Torres Strait Islander and a child

identified on their birth certificate as being a multiple birth child (triplets or more).

- vi. Incomplete registrations will be returned requesting the missing information. The original receipt date will not be honoured.

3. CONFIRMATION AND CHANGES TO REGISTRATION

- a. Registrations received by the Darebin Kindergarten Registration System will be sent a letter of confirmation within approximately four weeks of receipt of the registration.
- b. Registrations received through the portal can be updated at any time. Changes to paper registrations are to be notified in writing to the Registration Team by post or email. Requests for changes of kindergarten preference will be accepted up to 30 June in the year prior to the commencement of kindergarten.
- c. Cancellations can be lodged at any time in writing via email: Registration.KindergartenChildCare@darebin.vic.gov.au. Registration fees are not reimbursed.

4. TRANSFER AND PLACE RESERVATION

- a. Once a place has been allocated it is not transferable between kindergartens unless the requested kindergarten has vacancies and no other children are waiting for a kindergarten program.
- b. If a child is attending a program in the Darebin Kindergarten Registration System and the family decide to defer the child's attendance at kindergarten to the following year, the Registration Team must be notified by the end of Term 1 of the year they are attending (or as per the Department of Education and Training Kindergarten Guide) and a new registration is to be submitted. Deferrals are not guaranteed a place at that same service the following year. Deferrals received after the 30 April will be treated as a late registration.
- c. Places will be reserved for children granted a second year of funding as per the Department of Education and Training Kindergarten Funding Criteria. Children registering for a second year of funding for the kindergarten program are not required to submit a new registration. In May each year the Early Childhood Teacher will be requested to identify the children recommended for a second year of kindergarten. Written permission from the family is required for the child to be allocated a second year of kindergarten.
- d. Only a place at the same kindergarten will be reserved for children granted a second year of funding. If a family choose to attend a different service, they will need to advise the Registration Team in writing. This will relinquish the reserved place and their registration will join the Registration System. A place is therefore not guaranteed at the first preference kindergarten.

- e. If registration for a second year of funded 4 year old kindergarten occurs after 30 June, the registration will be treated with priority however the same service may not be available and/or the family may need to wait until the following offer round.

5. ALLOCATION PROCEDURES

- a. All kindergartens are to notify the Darebin Kindergarten Registration Team by the end of Term 2, the number of available places for the coming year and children recommended to attend a second year of kindergarten. Written permission from the family is required for the child to be allocated a second year of kindergarten. The allocation process will normally commence from late July in the year prior to kindergarten attendance.
- b. Multiple rounds of offers are made.
 - i. First round of offers are made to families in approximately late July of each year for 4 year old kindergarten and August of each year for 3 year old pre-kindergarten
 - ii. A Second round of offers are made approximately four weeks after the first round offers using available places not accepted in first round offers
 - iii. Further rounds are made approximately four weeks after second round offers using available places not accepted in second round offers. This round will continue until all places are filled.
- c. Families requesting kindergarten where the child is not eligible for a State funded kindergarten program, but are willing to pay the full fees stipulated by the individual kindergarten, must check the policy of their preferred kindergarten.
 - i. If the centre allows this option, registrations must be made directly to the kindergarten.
 - ii. Kindergartens must then advise the Darebin Kindergarten Registration Team of one less place available at the kindergarten. Kindergartens are not allowed to allocate unfunded places unless vacancies exist and there are no children on the waiting list for this kindergarten. Please note that an unfunded child may be requested to vacate the position should a funded child require the place. The kindergarten must advise the family of this requirement when accepting the enrolment.
- d. Placement offers will be made to families in late July and August of each year. Families will be required to accept the place or decline the offer within a stipulated time frame.

Where no response to an offer of placement is received, a courtesy telephone call or email will be made during the following week prior to the child's place being cancelled.

- e. Families can make one of the following choices:
 - i. Accept the offer
 - ii. Decline the offer and request to remain on the Registration System for another kindergarten of preference (*no guarantee that a place will be available*). A decline will result in the registration date changing to the date of decline.

- iii. If families choose not to accept a second or third preference they will remain on the system for the kindergarten of first preference.
- iv. Cancel their registration. Families wishing to defer their child's registration to the next kindergarten year are required to cancel their registration and submit a new registration for the following year. Please note that a place at the same service is not guaranteed.

6. INFORMATION PROVIDED TO KINDERGARTENS

- a. The Darebin Kindergarten Registration Team will provide lists to kindergartens with family details following the distribution of approximately third round preferences (4 year old kindergarten in early September and 3 year old pre-kindergarten in early October). Late registrations will be forwarded to the kindergarten as they are allocated.
- b. The kindergarten will be in contact with the family and distribute their "Welcome Package" containing service specific information regarding orientation process, fees, timetable etc. Parents should note that enquiries regarding selection to particular session times and groups should be directed to the kindergarten.

7. CHILDREN WITH ADDITIONAL NEEDS

- a. Darebin City Council has a commitment to ensuring that kindergartens are accessible to all children. We recognise that every child has individual needs, abilities and interests. Children with additional needs are:
 - i. children who require additional assistance in order to fully participate in the kindergarten program
 - ii. children who require a combination of services which are individually planned
 - iii. children who have an identified specific disability or developmental delay
- b. Children with high support needs may be eligible for the Victorian Government funded Special Education Program, which provides funding for an additional assistant in the 4 year old kindergarten program only. Pre-kindergarten children are not eligible for this funding. Requests for specialist funding are made to the Department of Education and Training.
- c. Darebin City Council auspices the Pre School Field Officer program as part of its commitment to support the inclusion of children with additional needs into a quality program. Pre School Field Officers are trained professionals with Special Education qualifications.

If you wish to discuss your child's needs or any of the information above please contact: Pre School Field Officer program at the City of Darebin, psfo.referral@darebin.vic.gov.au or Telephone: 8470 8114. Written permission from families is required for the involvement of the Pre School Field Officer. Confidentiality is maintained.

- d. Families of children with additional needs follow the standard registration process, including timelines. Families complete a registration form and indicate that their child has an additional need. Supporting documentation will be required to add to your

registration. A separate Additional Needs Section is included with the registration form. Families are strongly encouraged to complete this section to assist in the placement of their child.

- e. Children with additional needs are given consideration in relation to the following areas to ensure that a child's individual needs are accommodated and quality of care and education is not compromised for any child:
 - i. physical environment (indoor and outdoor)
 - ii. ratio of staff
 - iii. group size
 - iv. availability of Government funding (Federal or State) for additional staff.
- f. The Pre School Field Officer will contact families of children identified as having additional needs to discuss support requirements for kindergarten once they have accepted a kindergarten place. The Pre School Field Officer, once parent consent is obtained will contact other services or specialists the child is currently involved with to ensure all necessary support can be put into place prior to the child attending a 4 year old kindergarten program. When a child is already attending the service they have nominated, the Preschool Field Officer's will contact the service to discuss the child's support needs.
- g. Children with additional needs are allocated as per the Darebin Kindergarten Registration procedure and, whenever possible, children are allocated to the kindergarten of first preference or to the kindergarten that best meets the needs of the child.

8. ADDITIONAL KINDERGARTEN YEAR

Some children may benefit from a second year of funded 4 year old kindergarten. Funding for a second year of 4 year old kindergarten requires collaboration between the kindergarten teacher and parents. The kindergarten teacher will submit an application form to the Department of Education and Training.

All requests for a second year of funded 4 year old kindergarten must be notified to the Darebin Kindergarten Registration Team by the end of Term 2 by the kindergarten teacher. These places are subject to successful funding by the Department of Education and Training and further details can be discussed with the service. Please see section 5 for further information on reserved places.

9. FEES

Fees are set by the operator of each kindergarten and may vary. Most kindergartens will require the payment of a deposit for accepting the place in the December prior to attendance in February. Kindergartens may require fees to be paid a term in advance, and it is usual that kindergartens will not refund part-payments of fees due to absence or late enrolment. Families are advised to discuss the fees policy with their chosen kindergarten.

10. FEEDBACK

Darebin City Council welcomes your feedback whether it's a compliment, suggestion or a complaint. You can contact us in a number of ways;

Call: 8470 8888

Fax: 8470 8877
