

Stopping in a Permit Zone Traffic Infringement Information Sheet

Road Rule 185

- (1) A driver must not stop in a permit zone unless the driver's vehicle displays a current permit issued by the person or body responsible for the care and management of the permit zone that permits the vehicle to stop in the zone.
- (2) A permit zone is a length of a road to which a permit zone sign applies.

What this means to you

You can not park in a permit zone unless you have been issued a parking permit to park in this area. Permit zones apply in residential streets and areas where parking is at a premium to provide preferential parking to the permit holder. Parking in a permit zone without a permit deprives residents and their visitors the ability to park within close proximity to their homes.

Internal Review of your Infringement

If you believe you have extenuating circumstances regarding the issuing of an infringement notice, you must write to us within 28 days of the issue date on the ticket to avoid incurring additional costs. Please ensure that when explaining your situation you include any supporting evidence that you may have.

It is Council's standard practice to investigate all appeals, including verification of evidence and witness statements. All decisions are Final and will be notified in writing.

Defences listed in the Road Rules

Rule 165 of the Road Rules allows for defences, when a driver stops to avoid a collision; when a driver's vehicle is broken down; where there is a medical or other type of emergency; when a driver stops in the interests of safety; or when a driver stops to comply with another law.

When using any of these defences the types of supporting evidence you should provide would include a full description of the situation including a sworn statement from any witnesses, a sketch or photograph of the scene, receipts from a towing company, mechanic or the RACV showing dates and times; or a doctor certificate, etc.

Defences that will not be considered

Defences that council do not consider as extenuating circumstances include, drivers running late or held up in appointments; drivers not seeing signs displayed; driver running out of fuel; drivers forgetting to display their parking permit; being broken down without supporting information; and the inability to pay, however circumstances may be considered.

The decision making process

1. Appeal - All Internal Reviews of parking infringements are considered by the Appeals committee, Darebin Traffic Services.

2. Magistrates Court - If an appellant is not happy with the decision, they may elect to have their case heard in the Magistrates Court where it will be considered by an independent arbitrator. All appellants have the option to elect for their case to be heard in the Magistrates Court at any time.
