

Darebin City Council
ABN 75 815 980 522

Dear Resident,

Re: Darebin City Council –Noise Log

I refer to your recent request relating to noise that may be impacting your health. In many cases we request that you to speak to your neighbour directly before reporting the matter to Council. If you believe the noise is ongoing and is impacting your health we request that you complete the enclosed noise log. This log is designed to assist our Officer's in determining whether Council can investigate further. For information on the types of noise that Council cannot investigate, please refer to the table below.

The noise log must be completed for a minimum 14-day period as this allows Council to identify any patterns regarding frequency and duration as well as determining whether the noise is occurring within prohibited times. The Officer will use this log to determine whether the noise is unreasonable or potentially a nuisance. We seek your support in this investigation, where possible avoid generalisations such as "the music plays 24/7 and its loud" and avoid completing log if the noise was a once off party. Please ensure accuracy and clear descriptions because the investigation will be based on the information provided, and generalised information may result in the Officer not witnessing the noise.

The data provided in particular the frequency, duration, intensity as well as the type of noise are all factors. Please be advised that where a person is yelling, screaming, slamming doors etc. the investigation cannot proceed because legislation does not allow enforcement, this becomes a matter for Victoria Police, refer to table below for more information on lead authorities for noise reports.

Please note that where a noise disturbance is not deemed to be unreasonable or a nuisance, Council will not be able to take any further action. You will be advised that the matter is best settled privately. You could consider attending mediation with your neighbour, this is available through the [Dispute Settlement Centre of Victoria](#) on 1300 372 888.

Where noise logs have not been returned to Council after a period of 30 days from the date of lodgement of your request, Council will consider that the matter has resolved, and no further action will be taken.

Noise logs can be submitted via mailbox@darebin.vic.gov.au and for further information, please contact Council on 8470-8888 or view [Council's Noise Animation Videos](#).

Regards,
