Darebin City Council Family Support Services are offering a seven week Circle of Security program for parents and carers of children aged 0-8 years. Research shows that children who are in a secure relationship enjoy more happiness with their parents, solve problems on their own, get along better with friends, feel less anger at their parents, have higher self-esteem, and do better at school.

This program will:

- Help you understand your child's emotional needs
- Strengthen your attachment and relationship with your child
- Give you knowledge to better respond to your child's needs
- Help you reflect on your current parenting practices
