Darebin City Council Family Services are offering a six week Tuning into Kids parenting program. Tuning in to Kids is an evidence-based program that focuses on an emotion coaching parenting style. The group supports parents/carers to develop an emotional connection with their child and shows parents how to help their child learn about emotions and develop emotional intelligence. Parents will learn different ways to talk with and understand their child, as well as how to help their young person manage emotions and deal with conflict. Parents will also learn how to help prevent behaviour problems.

Tuning into Kids program will also help parents be more aware and accepting of emotions in themselves and their child, develop skills to help their child name emotions, have more empathic responses to their child, share more of the emotional

aspects of life with their child, use Emotion Coaching when solving problems, know when not to use Emotion Coaching, develop their own emotional self-care and anger regulation skills.
